

Community—Ownership—Respect—Excellence

Excellamus: Let us excel

Junior School

Cohuna Secondary College aims to make the transition from primary to secondary school as smooth as possible. We offer a full orientation program and ongoing care for all Year 7 students.

We have a designated Year 7-8 where students spend 60% of their class time in. Most classes will have teachers who teach them for more than one subject.

All students have one period per week of silent reading.

Resilience and Respectful Relationships curriculum is taught in Years 7-8.

Year 7 and 8

Students at Year 7 and 8 study:

- English
